**PROTEST** January 7, 2009

To: City Clerk

Re: "LADWP Water Rate Ordinance"

I am a DWP customer and I  
am writing to protest this  
Ordinance calling for a water  
rate increase. I am a senior  
living on social security, and my  
social security payment did  
not go up by even one cent  
for 2016. I note that this  
rate increase does not reflect  
rising costs to the DWP, but  
only unnecessary new  
construction. Like my  
ratepayers, I was  
very hard by the economic  
(over)

DEPUTY

downturn and for me the  
so-called "recovery" was  
illusory. Despite my age I am  
struggling to re-enter the job  
market, so far unsuccessfully.

Instead of asking for more  
money from ratepayers, the  
DWP should concentrate  
on operating more efficiently  
and economically, and in  
providing better service.

Very truly yours,

Randolph Pitts

We protest the Proposed Water Rate Restructure for the Los Angeles DWP and any increase of water rates.

Greater emphasis and resources should be focused on and utilized to review, refine and restructure the current process by/through which the LADWP plans to sustain, supply and restructure a reliable water system.

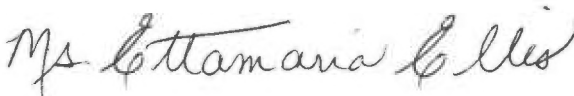

The effort to restructure the rate system without first presenting a public opportunity for comment and review of the plan/s is not the most efficient way to resolve our myriad problems and concerns. Furthermore, rate payers deserve a greater understanding of the use of public dollars.

We, the rate payers are tired of being "dumped on" by public officials when their lack of attention to the public good results in a calamity or near calamity of service to the millions of Los Angelenos who look to you for sound leadership.

Sincerely,

Dr. Roberta Jones-Ellis-Booker

Dear LADWP, **PROTEST**

I strongly disagree with a rate increase. With the economy the way it is and being on a fixed income, the increase would be terrible. All of us in California are trying our hardest to conserve water and electricity. I personally have put in artificial turf and have followed all of the rules to conserve both water and electricity.

I truly believe the DWP makes a sufficient income to correct the maintenance problems that arise without further burdening its customers.

Sincerely yours,  
Michael Huff

Re: LADWP Water Rate Ordinance

We protest the proposed rate increase form DWP.  
We feel we are being gauged enough from what is basically a monopoly.

We have had our bills increase time after time, with no apparent reason.

We have actively conserving water, sprinklers turned off, water turned off when showering, buckets in the sink etc etc, but no difference is logged in our water use, or the amount of the bills!!!

I have had my electricity go into two tier when I have been one person for months at the house working and leaving the house at 8am, and not getting back til 9pm at night. So the power is being used approx. two hours a day.  
When I called DWP to complain, they told me I must be running my air conditioning all the time, and too bad basically! I don't use my air conditioning!

I have had lots of friends also have their bills double for no apparent reason. They have had to spend months trying to fight the inaccuracies.

So the gauging should stop, and there DEFINITELY should not be any more rate increases approved.

# PROTEST

LADWP- Eric Starcette

We protest this water rate increase !!

We recently sent a letter indicating a protest without my parcel on the letter so blame giving the parcel # as 10140 Woodward Ave Seward Ca. 91070.

We conserved water and the LADWP wants to increase rates again its a lose lose situation.

Our SSI payments didnt increase because the Dept of Labor said there was no increase in the CPI for 2015, yet the LADWP wants to increase rates again !!
