I protest!

No more rate increases period! We are being forced out of our homes by all the DWP rate hikes. Perhaps we need a Prop 13 to control DWP!

If they need money so bad, let them sell their mansion and all their other properties in Bullhead City, downsize and streamline their operations just like any other business has to do.

To whom it may concern,

We protest the proposed increase in our water rates. As things now stand, we pay already pay a significant amount for our water every year, and we don't think this increase is justified.

Dear Sir:

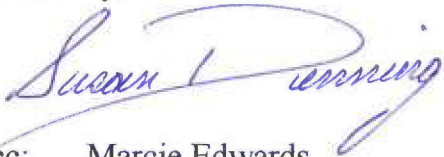

RE: LADWP Proposed Water Rate Ordinance
Customer of Record: Susan Denning
Parcel Address: 10208 Wilsey Avenue, Tujunga, CA 91042

I protest the proposed increase.

The reasoning in the proposal that a rate increase is the ONLY way to raise the money needed to fund the programs outlined in the mailing for the proposed rate increase is specious.

The programs are necessary, but there is more than one option available to fund the programs. The alternative to a rate increase is an immediate reorganization of staff to reduce it by two-thirds, primarily in the non-union management staff. Your staff has been bloated for years. It should not take two managers to supervise one worker on each assignment.

Sincerely,

Re: LADWP Water Rate Ordinance

We protest the proposed LADWP Water Rate Ordinance and rate increase. The ordinance does not incentivize water conservation, but instead appears to be designed to maximize revenue. Single – Dwelling Unit Residential Tier 1 and below volume users will be hardest hit. This does not incentivize water conservation. This punishes those who have been conserving. Maintain existing rates for these users and increase, above current plan, costs for Tier 3 and 4 users to incentivize water conservation. Tier 1 residential users are being punished for saving water and the LADWP is putting revenue before conservation.

Appalled,

Subject: LADWP Water Rate Ordinance

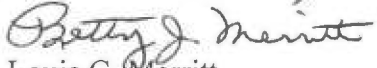

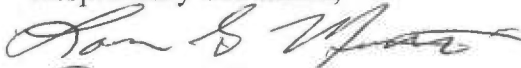

To Whom It May Concern:

This is to advise that we, Louis G. Merritt and Betty J. Merritt, of 19756 Friar Street, Woodland Hills, California 91367-2804, strongly protest an increase in water rates.

Until the Department of Water and Power can account for the many mistakes they have recently made, and have made for years, and can show accountability for same, and can reign in frivolous spending and bring their salaries into line with other agencies, there should be no increase of water, or power rates.

In closing, WE STRONGLY PROTEST A HIKE IN LADWP WATER RATES!!!!!!!!!!

Respectfully Submitted,

Louis G. Merritt
