## PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

Your name (or the name of the DWP customer)

*Rose B. Phillips*

Your address (the property address, not a P.O. Box or billing address)

*10879 Louise Ave*

Mail or hand-deliver it to:

*I Protest*

200 N. Spring Street, Room 395

Los Angeles, CA 90012

It must arrive by the morning of February 17 to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and

2016 JAN 26 AM 8:06

RECEIVED  
CITY CLERK'S OFFICE

STATEMENT OF PROTEST:

This is a VOTE AGAINST THE RATE ORDINANCE for the proposed LADWP rate hikes public hearing scheduled for February 17, 2016 or thereafter

As a Los Angeles county home owner for over 10 years,  
The LADWP has overcharged me for my street meter breaking  
And them not fixing it for years but charging me the prior year monthly bills  
even though I was in the home myself the 2<sup>nd</sup> year  
And the previous year I had my fiancé living with me using twice the amount of  
water! I was double charged and that is criminal.

Because of the "drought" and the LADWP threatening to CHARGE for overuse of  
water in previous years, I have cut back and virtually stopped watering my lawns  
over 2 years ago. They are dead and brown. So now, because I have done what  
was asked of me as a responsible homeowner, I will be punished with their RATE  
HIKES? They need to cut their staff then. Especially after I've done what was  
asked and here we are!

PLEASE DO NOT HIKE my bill. This is not MY DOING! I shouldn't have to pay for  
the loss of funds due to the drought. I am a freelance self-employed individual  
who is already struggling to make my mortgage in the first place!

I am trying to convert my terrain and do not feel that its right or legal to hike  
customers rates because they aren't making money because they asked I the  
first place to SAVE WATER!

This is laughable they are even having this hearing after this is exactly what they  
wanted! TO SAVE WATER RIGHT?! So, the DWP can make their revenue they  
have lost because of the drought! THIS IS ABSURD and ridiculous!  
Please do not pass this rate restructure Water Rate Ordinance because as we all  
know, it's really a "RATE HIKE." Thank you.

Warmest Regards,

*Kimberly Metz*

I protest the proposed rate increase by the Department of Water and Power.

I believe it is unnecessary and that the Department of Water and Power should be required to be more vigilant in their maintenance of water lines and more frugal in their operations.

# PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

Your **name** (or the name of the DWP customer)

Your **address** (the property address, not a P.O. Box or billing address)

The words, "**LADWP Water Rate Ordinance**"

The words, "**I protest**" or "**We protest**"

## PROTEST

Mail or hand-deliver it to:

City Clerk

200 N. Spring Street, Room 395

Los Angeles, CA 90012

15-1543  
It must arrive **by the morning of February 17** to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.

RE: LADWP Water Rate Ordinance  
Account # 693 168 0591

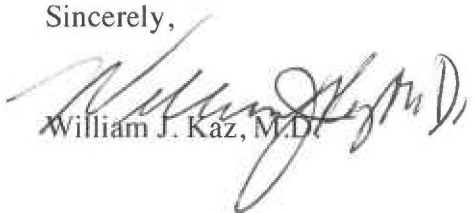

To Whom It May Concern:

We are the owners of rental property located at 7465 Hawthorn Avenue, Los Angeles, CA 90046 and LADWP is our water and power provider. Our account number is: 693 168 0591.

I protest the proposed rate increase by the Department of Water and Power.

I believe it is unnecessary and that the Department of Water and Power should be required to be more vigilant in their maintenance of water lines and more frugal in their operations.

Sincerely,

  
William J. Kaz, M.D.
