This letter will serve as our protest to the proposed DWP rate increase. We already pay a huge amount of money every 2 months to support a bloated infrastructure -- high wages and high pension benefits all the way up and down the employee ladder from highest to lowest level workers. We pay more and more to DWP (rates never go down) but nothing changes on the cost management side. Water conservation is a good thing. Customers should not be penalized with higher rates, they should be rewarded with lower monthly bills to incentivize ~~them~~^{us} to conserve as much as we

RE: LADWP WATER RATE ORDINANCE
OPPOSITION PROTEST

DEAR SIRs!

I protest the proposed water rate increase by LADWP. The increase of 50% over the next 5yrs. is outrageous. LADWP just sought an electric increase. A sewer increase of 88% between 2012 to 2018 is already in effect. There seems to be no limit to what LADWP wants to charge. Then there is the yearly kick back to the city from LADWP water collections. I am retired living on a small fixed income, and unable to pay these huge unwarranted increases. I'm sure most other customers would feel the same.

The L.A. City Council needs to REJECT THIS PROPOSED INCREASE ENTIRELY! Thank you

Dear Sir or Madam:

I protest the rate increase for the following reasons:

1. None of the reasons given for an increase are unanticipated. DWP says that 20% of it's installed pipelines are at least 100 years old. They should have had a funded plan to restore or replace these pipes all along. The lack of planning shows incompetence at the highest level.
2. The same is true for expanding local projects & reducing our reliance on imported water. These should be continuing projects. Water shortages & draught in Southern California are expected. Anticipating this should be part of a permanent plan.
3. The DWP can stop wasting money encouraging conservation. Everyone knows to install low flow showers, sinks, & toilets. We don't need any more reminders.
4. Finally, if such a rate increase is approved, a penalty clause to the compensation of the top officials should be imposed. If they can't anticipate what any ordinary business should anticipate to survive, their salaries should suffer.

Sincerely,

Phil Rabichow

PROTEST

Subject: LADWP Water Rate Ordinance

Statement of Protest:

I protest increase in water rate because LADWP could reduce cost of water service in many ways, such as increase operational efficiency and streamline water supply. One of many examples is...during last few years, implemeting new customer management and billing system resulted in disaster that wasted great amount of money paid by water users like me.

What LADWP needs is not the rate increase, is to improve operational efficiency.

Topic: Protest the Proposed Water Rate Ordinance

I protest the Proposed Water Rate Ordinance.

My name/Property Owner : Barbara Garrett

Address: 6309 W. 77th Place Los Angeles CA 90045

Please accept my written protest against the proposed charges for the proposed Water Rate Ordinance. I completely disapprove any rate increase. It appears that the community came together to "conserve" water usage. Now, the community is being penalized for NOT using as much water? Our community is coping with the repercussions. We've lost expensive and beautiful foliage, trees, and lawns.

Because of less water used, the DWP isn't bring in the same amount of money. They need to cope, like everyone else. The community is already struggling to make ends meet. Job loss, unemployment, high taxes, etc.

DWP should restructure their internal spending and cut back their expenses. According to the public records, the DWP already has enough money to pay for any infrastructure investments. It's not the fault of the community that the DWP is using our money to fatten their own wallets. They need to assess their own spending of their funds. They need to stop increasing their pay, stop giving pay bonuses, stop increasing salary and retirement packages.

RE: Protest the LADWP Water Rate Ordinance

Dear City Clerk,

I am writing in protest of the LADWP Water Rate Ordinance being presented on February 17th at the public hearing in the John Ferraro Council Chamber, Room 340, City Hall, 200 North Spring Street, Los Angeles, CA 90012.

As the City Council will take and consider all written protests against the proposed charges, as required by Article XIII D, Section 6, of the California Constitution, determine if a majority protest exists, and consider whether to approve the proposed Water Rate Ordinance. I am writing to express my protest and that of my family located at 1959 Stearns Drive, Los Angeles, CA 90034.

I appreciate your consideration of this written protest of the proposed LADWP Water Rate Ordinance increase.

Sincerely,

Matthew Dunn

PROTEST

Dear Sirs:

My wife and I own the property in Los Angeles known as Assessor's No. 2032 026 022 15 000.

Regarding the recent LADWP Water Rate Ordinance, **we protest.**

We suggest you look for other easier ways to save money such as prohibiting DWP employees from spending their work hours at bars, strip clubs, and restaurants as we ^{see} regular evidence of on the news.

Sincerely,

Kelly Johansen
