**We protest the LADWP water rate increases and the Water Rate Ordinance.**

**Just keep on raising the cost of living in Los Angeles by increasing rates, adjustments, taxes, fees, etc and many, if not most, of the individuals, families and business's that can afford to move elsewhere will. Many of those that can't will start getting the freebees and discounts you are so willing to offer.**

**It won't take too many years before Los Angeles suffers the same fate as Chicago, Detroit and other cities run by Democrats. When politicians and their appointees lie or just misrepresent the facts they tend to hurt the working poor, middle class and retirees. Sometime they hurt themselves both mentally and physically.**

**We realize how difficult it will be for the City Council to reject these proposals since they bring in added tax revenue. We don't mind when our money is taken from us and used to help the Needy but get upset when it is given to the Greedy.**

To whom it may concern,

We oppose to the LADWP Water Rate Ordinance. The regular maintenance and repairs of the infrastructure has been neglected for the past 50 years. We should not have to pay for the lack of LADWP management.

## WHY WE OPPOSE THE FIVE-YEAR RATE INCREASE FOR DWP

-According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a “cost-of-living” raise in 2016.

-The new water rate ordinance lifts the cap that limits the extra charges for “adjustment factors”, which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

- ✓ Your name (or the name of the DWP customer)
- ✓ Your address (the property address, not a P.O. Box or billing address)
- ✓ The words, “LADWP Water Rate Ordinance”
- ✓ The words, “I protest” or “We Protest”

Mail by February 10 to arrive by a.m. February 17, 2016 to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.

Subject: LA Department of Water and Power Rate Increase

We are writing to protest the proposed LADWP Rate increase. Our water and power bill hovers around \$800.00 a billing now, and that is whittled down from over \$1000.00 before we went on strict conservation mode, which includes NEVER using our air conditioner, even in triple digit heat! In addition, flush as little as possible, our lawn is barely alive, and we capture as much water as possible for plant watering, etc. We have two horses on the property and get no allowance for that, as was proposed but never happened. Is conservation (ei less revenue) being rewarded by a rate increase? It's outrageous.

Please don't raise the rates.

Sincerely,

Jerome and Marilyn Ruzicka
