# PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies — while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

\* To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

- ① Your name (or the name of the DWP customer)
- ② Your address (the property address, not a P.O. Box or billing address)

- ③ The words, "LADWP Water Rate Ordinance"
- ④ The words, "I protest"
- ⑤ The words, "We protest"

Mail or hand-deliver it to:

City Clerk

200 N. Spring Street, Room 395  
Los Angeles, CA 90012

Mail by Feb 10th

Must arrive by the morning of February 17 to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid. No e-mail or calls will count, although you can certainly call your City Council representative and express your views.

RE: LADWP WATER RATE ORDINANCE

To The Members of the Los Angeles City Council,

I (we) protest the Five Year Rate Increase for the Water Rate proposed by LADWP. The proposed rate ordinance lifts the cap that limits extra charges for "adjustment factors." What does that means? This ordinance's extra charges will now be unlimited, and the extra charges can be increased over and over, without City Council approval.

We are opposed to the LADWP Water Rate Ordinance as presented.

Re: LADWP Water Rate Ordinance

I protest the water increases that the DWP is trying to shove down our throats.

In addition, I have rental units that I am coerced to pay for water because of the meter issue. With the drought restrictions, I am responsible for their water use.

And finally, when a tenant moves out, I need electricity for re-renting. Unfortunately, I am still charged, as if I actually lived there.

Something is terribly wrong here. This is unfair.

Your comments are invited.

Regards,

Michael Beatty
