Dear Sir / LA City Council Members,

Re: LA-DWP Waterrate Ordinance PROTEST: 2/17/2016

LA/ DWP A/C # 104 725 1000
10020 Venice Blvd, Culver City,CA 90232
Owner : Baldev K. Devgan / Devgan Enterprises

I / We , STRONGLY PROTEST & OBJECT ANY RATE INCREASE IN WATER/ SEWER CHARGES ,on behalf of all the owners and Tenants of above Shopping Center at 10020 Venice Blvd. As per LAW/ DWP Rate Ordinance .

Your utterly confusing mailer was designed to favor LADWP " Fat Cats",and executives to benefit Unions and Pension Plans of management.Al the arguments are fake and contrived.

I have been a good customer since 1991, and I know DWP sevicees are poor aand atrocious. Your Water Meter-Readers are ill-educated and lazy and do "estmate" readings as shown in my enclosed bill from @\$1,268.42 (December) to \$ 4,892.70 (January). I spent 45 minutes this morning(Alecia-x-41747/ 800-4998840). You should fire couple of these so called supervisors including Evelyn, who was boss of Alecia.

These Chines-made water meters are bad products like the " baby-milk formula" and " Dry-walls" that Chinese Govt. made and exported to USA . Please help resolve my above issues.

DO NOT INCREASE WATER- RATES.

I would love to come and address you in person on 2/17/2016

Sincerely,

Baldev Devgan, Manager/ Owner

RE: LADWP Water Rate Ordinance

I protest the rate increase for water rates as being proposed by DWP effective at this time due to the negligence on their part to not maintain our infrastructure for the last 60 years in which they are liable for being our utility company and have not provided the community with the proper services and maintenance and have made huge profits and salaries. These salaries have been at an all-time high for decades now. Maintenance to replace old and rotting underground pipes could have been accomplished over these decades without a burden to the company or to the community.

The services they offer are not up to community standards and what should have been an easily applied solution to the ongoing replacement of these underground pipes have now become a very aggressive issue due to their lack of attention to the major infrastructure of Los Angeles County and especially at this time when water is such a precious item to all of California.

With all the pipes breaking and flooding areas when this precious supply is just wasted is an insult to all people of Los Angeles and now they are expecting to be paid more for something that should have been taken care of in the past!

They need to be held accountable for the gross negligence of not replacing this underground infrastructure and stop penalizing the people of Los Angeles so that they can receive bigger pay checks and pay outs.

Just as they provide trash pickup, which does not get picked up on time nor the day. You never receive a credit for these missed pick up days and what they receive in salaries for this position is just outrageous.

It is called accountability!

Respectfully,

George A. Cooper
