Honorable Members of the Los Angeles City Council:

By a unanimous vote, on March 13, 2016, The Old Granada Hills Residents' Group, Board of Directors recommended the following:

- Support for a meaningful and transparent DWP governance reform as recommended by Councilmember Mitchell Englander, City Controller Ron Galperin, and the Los Angeles 2020 Commission.
- **Strong opposition to proposed power rate increases.** The DWP has lost the public trust and there is little confidence that rate hikes will be dedicated to replacing aging water and power infrastructure, transforming water and power supplies, improving customer service or keeping rates competitive.

Thank You for Your Consideration,

Dave Beauvais, President  
Old Granada Hills Residents' Group

Maria Fisk, Board Member
