### RECOMMENDATION

That the Personnel and Animal Welfare Committee receive and file this report related to the development of the City's Targeted Local Hire Program.

### BASIS OF REPORT

The City of Los Angeles entered into a Letter of Agreement (LOA) with the Coalition of Los Angeles City Unions ("Coalition"), signed December 8, 2015, which includes a commitment to a goal of hiring 5,000 civilian employees by the end of fiscal year 2017-2018. In an effort to support this goal, the City and the Coalition have made a mutual commitment to research and develop innovative workforce development strategies to meet the current and future service needs of City residents and stakeholders, strengthen delivery of City services, and provide career opportunities to local residents.

The LOA further indicates that a Targeted Local Hire Working Group ("Working Group") would be responsible for developing a plan to provide job opportunities to the residents of the City of Los Angeles, specifically in under-served communities. The Working Group was subsequently convened, comprised of an equal number of Coalition and City management representatives, led under the guidance of Ms. Jackie Goldberg, and with professional staff support from the Personnel Department.

The framework for the Targeted Local Hire Program (the "Program") has accordingly been developed, with significant collaborative efforts involving Ms. Jackie Goldberg, the Coalition, the Office of the Mayor, the City Council (specifically, the Council Offices of Paul Krekorian, Marqueece Harris-Dawson, and Herb J. Wesson, Jr.), the Office of the City Administrative Officer (CAO), the Office of the Chief Legislative Analyst (CLA), the Economic Workforce Development Department (EWDD), the Personnel Department, the Information Technology Agency (ITA), and numerous partner agencies and community based organizations.

Upon conclusion of over 50 meetings and discussions, the development phase of the Program has been completed. This report contains the summary review of the development phase of the Program and provides the completed Targeted Local Hire Program Document for implementation. The Program now pivots towards the implementation phase, with soft launch of the Program to pilot January 2017.

## **II. IMPLEMENTATION PHASE: *Targeted Local Hire Program Document***

The completed Targeted Local Hire Program Document (“Program Document”) organizes all Program components previously approved by the Working Group in a single document, and is included as Attachment I to this report. The Program Document will serve as a working guideline for all stakeholders going forward, including Personnel Department staff who will work on the day-to-day administration and operation of the Program.

The Program Document is organized into the following sections: *Background, Program Overview, Application Process, Referral Process, and Conditions of Civil Service Employment*. Notable program highlights from these sections are summarized below:

### ***Program Overview***

This Program targets vulnerable populations who traditionally face significant barriers to employment, specifically those who are:

- a. Homeless and formerly homeless
- b. Formerly incarcerated individuals including those on parole/probation
- c. Former gang members including those affected by the City’s Rodriguez Settlement
- d. Disconnected youth, foster youth, transition age youth
- e. Veterans
- f. Residents from zip codes as designated by the Public Works, Bureau of Contract Administration within their Project Labor Agreements (see *Section IV* and Attachment A of the included Program Document), including those with limited English proficiency (LEP) but with proficiency sufficient to take advantage of the Program’s training opportunities
- g. Individuals identifying as transgender
- h. Individuals with disabilities
- i. Older workers protected under the Age Discrimination in Employment Act of 1967 (ADEA)

Individuals hired through this Program will receive paid, on-the-job training for six months as either a Vocational Worker or Office Trainee as civil service exempt employees. Upon successful completion of the on-the-job training period, the individual will be placed on a civil service eligible list for the applicable Assistant classification, receive a civil service appointment, and complete a six month probationary period. Upon successful completion of probation, the individual will be transitioned to the target civil service classification. Additional detailed information is available in the attached Program Document in *Section II*, beginning on page four.

### ***Application Process***

Prospective candidates may submit a Program application with a valid job-readiness referral from a partner community based organization or WorkSource Center. All applications must be filed at one of six designated Application Sites. Application Sites were strategically selected

based on the location's previous experience and ability to assist under-served populations and its location within the City. The approved Application Sites are:

1. Northeast Los Angeles WorkSource Center – Goodwill
2. Downtown/Pico Union WorkSource Center – PACE
3. Valley WorkSource Center – El Proyecto del Barrio
4. Harbor/San Pedro WorkSource Center – Harbor Pacific Gateway
5. South Los Angeles WorkSource Center – UAW
6. West Los Angeles WorkSource Center – Jewish Vocational Services

Additional detailed information is available in the attached Program Document in *Section III*, beginning on page nine.

### ***Referral Process***

Candidates in the targeted demographic groups will be placed in Tier 1 of the Application Pool, and all other candidates will be placed in Tier 2. City departments with vacancies seeking to hire from the Program will request a Candidate Referral List. Once the request is received, applicants from the Program's Application Pool will be randomly selected from Tier 1 and Tier 2, with 80% from Tier 1 and 20% from Tier 2. The department will then conduct a selection process and notify the Program should a candidate be hired. Additional detailed information is available in the attached Program Document in *Section IV*, beginning on page 11.

### **Partnerships with Community Organizations**

Program staff has met with or are scheduled to meet with over 80 community based organizations that provide a wide range of services and support to individuals from the City's under-served populations. Leveraging existing City resources and those offered by the WorkSource Centers, community based organizations, the Los Angeles Unified School District's Division of Adult & Career Education (DACE), and other partners, the Program will seek to create a coordinated network of support that includes, but is not limited to: job readiness preparation and assessment, supportive services (housing, child care, transportation assistance, etc.), case management and personal support, on-going career development resources, and training for existing City employees and supervisors.

### **Long-Term Tracking and Analysis of Program Performance Data**

Program staff will track and analyze Program performance. Staff will measure not only the rate at which employees are hired by City departments, but their successful transitions within the Program, and the rate and duration Program candidates are retained. As such, staff anticipates that true actionable data will not be available until at least one year upon initial launch. As such, on-going, periodic reporting will be provided to the Workforce Development Task Force ("Task Force") on a semi-annual basis as indicated in the Letter of Agreement. This reporting schedule would be most effective for providing updates that will contain enough significant information to be representative of the Program's long-term status.

As the Program embarks upon its operational phase, staff will diligently work towards effective implementation by initiating the test phase of the Program in January 2017, rolling out the subsequent Phase I launch in March 2017, and coordinating the full launch by July 2017.

## **III. ACKNOWLEDGEMENTS & CONCLUSION**

The Program is greatly appreciative of the efforts of the Information Technology Agency (ITA) for its proactive role in partnering with the Personnel Department to define and seek the appropriate solution to support Program operations.

Moreover, the Working Group has completed a monumental task by way of mutual discussion and consent, with expert guidance from Ms. Goldberg and with the history of experience provided by the City's labor partners. Staff is indebted to the Working Group for its substantial time commitment to this endeavor and for its meaningful policy direction towards constructing the Program's comprehensive framework.

Letter of Agreement – December 8, 2015

Executive Directive 15 – April 29, 2016

Targeted Local Hire Working Group, Staff Reports 16-01 through 16-06

## I. BACKGROUND

On December 8, 2015, the **Coalition of City Unions** (the "Coalition") and the **City of Los Angeles** (the "City") signed a **Letter of Agreement** (LOA) wherein a mutual commitment was made to develop innovative workforce development strategies to meet the needs of City residents and stakeholders, strengthen delivery of City services, and provide career opportunities to local residents.

The LOA indicated that a **Targeted Local Hire Working Group** ("Working Group") would be convened, to be comprised of an equal number of Coalition and City management representatives. The Working Group was led under the guidance of former City Councilmember **Ms. Jackie Goldberg**, with professional staff support provided by the Personnel Department.

The Working Group was tasked to design a functioning framework for a targeted local hire program. Initially, Working Group members considered similar programs which have existed in the City's history, including Welfare to Work and City Jobs. Historically, these programs utilized the Vocational Worker and Office Trainee classifications, which were created by the Civil Service Commission as a result of labor negotiations and which were subsequently used by City departments with mutual consent between the City and labor. These classifications had proven to be an effective mechanism for departments to provide on-the-job training to individuals who lack technical skills and experience.

On April 29, 2016, Mayor Eric Garcetti issued **Executive Directive No. 15**, which again emphasized that the Program would focus on hiring and retaining local Angelenos from under-served communities. The Directive instructed all City departments to participate in this program.

As a result of numerous Working Group meetings and discussions, alternate job pathways were identified and the **Targeted Local Hire Program** ("Program") was created. Through this Program, potential job candidates will be able to gain access to an alternate pathway to civil service jobs by way of on-the-job training periods.

The Program will provide opportunity to those that face significant barriers to stable employment, and will further the City's vision for identifying innovative ways to attract, develop, and sustain an equitable workforce.

## II. PROGRAM OVERVIEW

**i. On-the-Job Training Classifications**

Vocational Workers and Office Trainees hired through the Program must successfully complete the on-the-job training period in order to move forward to the applicable "Assistant" classification. In accordance with *City Charter Section 1005*, the performance of individuals hired into the Vocational Worker or Office Trainee classifications will determine whether they can successfully perform the duties of the targeted "Assistant" classification in which they were hired in-lieu. Individuals hired as Vocational Worker or Office Trainee are exempt from Civil Service during this period.

**a. Vocational Worker**

Candidates who are selected for hire as Vocational Workers will be appointed to an exempt position. Vocational Worker positions in the City have been exempted from Civil Service, as provided for by *Los Angeles City Charter Section 1001(d)(1)* which allows for exemptions of unskilled laborers. Exemption of all Vocational Worker positions were approved by the Civil Service Commission on February 25, 2016 and subsequently approved by the City Council on April 19, 2016 (see Council File #16-0240).

**b. Office Trainee**

Candidates who are selected for hire as Office Trainees will be emergency appointed to the classification. Emergency

appointments are provided for by *Charter Section 1013* and *Civil Service Rule 5.27* and are made by the appointing authority, upon approval of the Personnel Department General Manager.

During the on-the-job training period, Vocational Workers and Office Trainees will receive pay that is equivalent to the first step trainee level of the selected Assistant classification.

**ii. "Assistant" Classifications**

Upon request by a City department, the Personnel Department will administer a civil service examination in order to appoint Vocational Workers and/or Office Trainees into the applicable Civil Service "Assistant" classification, in accordance with *Charter Section 1005*.

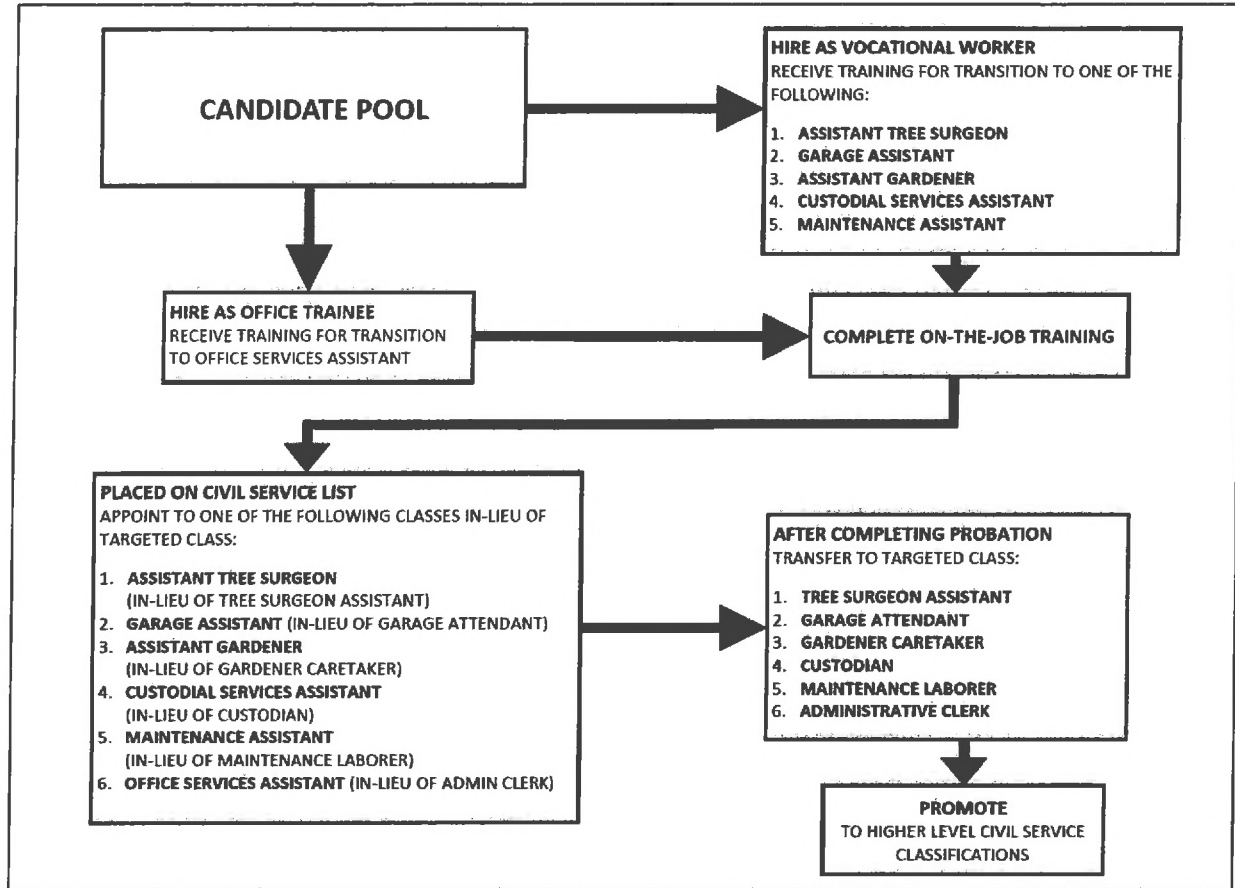

The Civil Service examination for the "Assistant" classifications will be an application review wherein candidates will indicate they fulfilled the requirement of successful performance during the on-the-job training period as a Vocational Worker or Office Trainee. Individuals who meet the requirements of the job bulletin for the applicable "Assistant" Civil Service classification will be placed on an eligible list in accordance with *Charter Section 1008*.

Upon request by a City department, the General Manager of the Personnel Department will certify the eligible list for the "Assistant" Civil Service classification per *Charter Section 1010*. Individuals may then be appointed to the targeted "Assistant" Civil Service classification in accordance with the *Civil Service Rules* and in compliance with *Charter Section 1004*.

Those employed in an Assistant classification will continue to receive pay at the first step trainee level until the probation period is successfully completed.

**iii. Target Civil Service Classifications**

Upon appointment to the applicable "Assistant" classification, individuals will need to successfully complete a civil service probationary period. Once the probationary period is completed, individuals will be transferred into the applicable target civil service classification in accordance with *City Charter Section 1014*. The target classifications are the classifications of jobs that are normally used Citywide. Once an individual has been transferred to the target classification, he/she has successfully transitioned to regular, full-time City civil service.

## D. JOB ADVANCEMENT TIMELINE

### i. On-the-Job Training

Once an employee is hired as an exempt Vocational Worker or Office Trainee, the employee will serve a six (6) month on-the-job training and assessment period. The employee must successfully complete this on-the-job training period to be considered for appointment to an "Assistant" classification.

### ii. Civil Service Probationary Period

Once appointed to a position in the "Assistant" classification, an employee will serve a six (6) month civil service probationary period as an Assistant. The length of time for the probationary period is in accordance with *Civil Service Rule 5.26* and *City Charter Section 1011*, which indicate probationary periods for entry level classifications are to be six months, unless otherwise determined by the Civil Service Commission (up to a maximum period of twelve months). *Civil Service Rule 1.26* further indicates that the probationary period is the working

test period during which an employee is required to demonstrate job fitness by the actual performance of the duties and responsibilities of the position.

**iii. Transfer to Target Classification**

Upon successful completion of the probationary period at the Assistant level, the City department will request a Charter Section 1014 transfer (otherwise known as a 1014 transfer) for the employee from the Assistant classification to the targeted Civil Service classification. The Personnel Department will review and approve such transfer in accordance with *City Charter Section 1014*.

A 1014 transfer allows for reassignment to another classification without examination when an employee has completed a probationary period. An employee may be 1014 transferred to another classification should it not result in a promotion and should the employee meet the minimum qualifications of the classification he/she is transferring into, as also indicated under *Section 6 of the Civil Service Rules*.

**TIMELINE FOR VOCATIONAL WORKER**

**TIMELINE FOR OFFICE TRAINEE**

### III. APPLICATION PROCESS

*Note:* Candidates with a conditional offer of employment and ultimately hired by the City are subject to a background check and must have a legal right to work; see Section V of this Document.

#### B. APPLICATION POOL

Program Applications that are correctly submitted will be added to the Application Pool. Acceptance of the Program Application into the Application Pool is not a promise or guarantee of City employment. Applications in the Application Pool will be **referred** to City departments for employment **consideration** as indicated in Section IV of this Document.

Candidates may only submit one unique Program Application and may request changes or updates to their Program Application subsequent to submission.

Program Applications are valid for one (1) year upon submission or until the applicant is hired by a City department, whichever occurs first. Where feasible, each Designated Referral Agency will be encouraged to provide on-going support to the candidate.

The Program will maintain an updated list of approved Designated Referral Agencies. #### **ii. Application Pool – Tier 2**

Tier 2 of the Application Pool will consist of individuals who do not identify as any of the Tier 1 categories.

### **B. REFERRAL TO DEPARTMENTS**

A City department may request to fill its vacancies with Program candidates by submitting a Referral Request form to the Personnel Department. For each Referral Request, the Program will generate a

Referral List, comprised of candidates selected from the Application Pool based on the needs of the operating department, the preferences that the candidates stated on their online application, and their identified Tier.

**i. Selection by Job Preference and Identified Tier**

For each Referral Request, the Application Pool will first be filtered to match the needs indicated by the requesting department. This initial filter will match the job classification, shift and work environment preferences, and other fields as indicated on the Program Application, with the indicated needs of the hiring department.

Of those candidates, the Program will then randomly select five (5) candidates plus the number of vacancies indicated by the department to generate the Referral List.

*For example, if the hiring department has two (2) vacancies, a total of seven (7) candidates will be referred to the hiring department for consideration (i.e., 5 + 2 vacancies = 7 candidates).*

Eighty percent (80%) of the candidates on a Referral List will be randomly selected from Tier 1 and twenty percent (20%) of the referred candidates will be randomly selected from Tier 2. It should be noted that the referred number of candidates from Tier 1 will be rounded up if the percentage does not yield a whole number.

*For example, if an operating department has two (2) vacancies, six (6) candidates would be referred from Tier 1 (i.e.,  $7 \times 80\% = 5.6$ ), and one (1) candidate would be referred from Tier 2.*

The Program will then forward the Referral List to the requesting department with accompanying contact information and applications. The Referral List provided to the requesting department will not contain information related to the applicants' Tier.

The requesting department may then proceed with its departmental selection process.

Candidates from a Referral List who are conditionally offered employment by the requesting department will be subject to a background check (refer to Section V of this Document). Once a conditional job offer is made, the employee is inactivated from the Application Pool. Should the employee be terminated subsequent to City hire, he/she will need to submit a new application to the Program for re-consideration.

Candidates not hired from a Referral List continue to be concurrently

active in the Application Pool for other opportunities (until such time their Program Application expires or is otherwise inactivated).

## **V. CONDITIONS OF CIVIL SERVICE EMPLOYMENT**

### **A. CITY BACKGROUND CHECK AND REVIEW**

Candidates are not asked to disclose any background information on the Program Application or when interviewing with a hiring department. Candidates will be subject to a City background check and review only when he/she has been made a conditional offer of employment by a City department.

A candidate who is on parole or probation or possesses a conviction record will not necessarily be disqualified from the Program.

Background checks are reviewed in context of the nexus between the background history and the potential employment opportunity, with consideration given to the City department's operational responsibilities as mandated by any applicable local, state, or federal legislation and the job-related requirements of the specific classification and/or position.

Candidates must provide all pertinent information related to their background history when requested by a City department (upon conditional offer of employment). Withholding any conviction history may be grounds for disqualification.

If it is determined that a candidate's background history is incompatible with a particular job classification or position, the candidate is returned to the Application Pool and will continue to be eligible for consideration for other referral opportunities for a different department, classification, or position.

Please note that Los Angeles City Ordinance 175930 requires all applicants who have been convicted of workers' compensation fraud be automatically disqualified from employment with the City of Los Angeles.

All questions related to background reviews are to be directed to the Personnel Department and Program staff.

### **B. LEGAL RIGHT TO WORK**

All civil service employees of the City of Los Angeles must have a legal right to work in the United States.
