Summary: The North Area Neighborhood Development Council (NANDC) is strongly in favor of identifying and potentially using City facilities for the benefit of neighborhood councils and the communities they serve. In addition to shared meeting and/or office spaces, we encourage the City to identify available City assets more generally for neighborhood councils to use. We believe the use of City space and assets should be made a *high* priority for the City Administrative Officer and the General Services Department. Thank you for seriously considering this proposal.
