

MOTION

I MOVE that the Council Action of June 29, 2016 (CF 16-0520) relative to a vacant City-owned substandard parcel located at 4958 Cahuenga Boulevard at the intersection of Addison, in North Hollywood, **BE AMENDED**, to instruct the General Services Department to enter into a lease agreement relative to this property with the Hollywood United Methodist Church, which will be contracting out the work to repair and revitalize the vacant parcel and will be securing the services of the Pacific Asian Volunteer Association to maintain the site; and to change the scope of this project so that the site will no longer be maintained strictly as a "visual amenity," rather, it will be closed most of the time, but will open on a limited basis for urban gardening classes and field trips for local students. All other terms and conditions of the original action to remain unchanged.
