Summary: 16-0585

Glassell Park is a community that is blessed with undeveloped hillside open space. We are home to an abundance of wildlife that the Glassell Park Neighborhood Council considers part of the community we represent. Coyotes in "open space and park areas" are in their natural habitat. We DO NOT SUPPORT this motion requesting "recommendations" to "further control the coyote population" in our neighborhoods, and WE ASK that the City Council instead ask for better practices from the Dept. of Animal services, especially more effective methods of educating those who live in wildlife areas in ways to cohabit with our animal neighbors.
