

## ADOPTED BUDGET RECOMMENDATION

Instruct the Information Technology Agency to report to the Innovation, Grants, Technology, Commerce and Trade Committee on any essential systems that are using outdated, legacy technology that need to be replaced. The report should include the impacts associated with retirements of staff who support legacy systems, how quickly legacy systems can be replaced before existing staff retire and whether the department hires new staff and/or cross-trains existing staff on these outdated systems to ensure the legacy systems can be supported after existing staff retire.

(Pursuant to adoption of the Mayor's 2016-17 Budget on May 19, 2016)
