Please delay approval of the Martin Cadillac Project and fully consider the dramatic and irreversible impacts this project will have on traffic flow. Traffic is already terrible in the area and this project would only serve to make it worse.

I support the solutions suggested by various homeowners' groups, including a reduction in office space, restaurant space and the inclusion of more space for Expo Line riders.

The citizens of Santa Monica could not be completely wrong when they rejected a similar proposal last year, so please take a beat to make sure this is the right thing for west Los Angeles.

Thank you.
