Update to a Previous Input: Yes

Directed To: City Council and Committees

Council File Number: 16-0781-S1

Agenda Date: 05/23/2018

Item Number: 15

Summary: This Trail project, which is within Foothill Trails District, has been developed since 2011 with many delays. The most recent public meeting held on April 4, 2018 announced that the EIR was complete and going to Committee for approval. The proposed Trail has been planned to include a 5 mile loop including mostly City land. Recently due to US Forestry and private party interests it has been reduced to approximately 1 ½ miles which can be developed immediately according to the report. As the EIR is based on the original longer path we strongly request that when such time as the current issues are resolved that the Trail be reconstructed to that original 5 mile loop. The City promised in the early 90's that the Landfill would be returned to the public for Open Space and Recreation.
