

PUBLIC SAFETY COMMITTEE REPORT relative to the 2016 California Supplemental Fire Code changes.

Recommendation for Council action:

REQUEST the City Attorney to draft an Ordinance amending the Los Angeles Municipal Code, Chapter 5, Article 7, to make additions, modifications and deletions based on the 2016 California Supplemental Code changes including modifications to the administrative language to add recommended permits.

Fiscal Impact Statement: The Los Angeles Fire Department reports that there is no anticipated fiscal impact. The California supplemental package is included as part of the already contracted code publication. The new permits are for processes that are new business models and there is no history to project work loads or revenues.

Community Impact Statement: None submitted.
