

MOTION

I HEREBY MOVE that Council AMEND the Planning and Land Use Management Committee Report, relative to requiring all gated communities to install universal emergency access systems, to adopt the following recommendation in lieu of the recommendation contained within the Committee Report:

REQUEST the Los Angeles Police Department (LAPD) and the Los Angeles Fire Department (LAFD), with the assistance of the City Attorney, to prepare and present an Ordinance which would require all gated communities to install universal emergency access systems and to give the LAPD and the LAFD the ability to automatically open gates of gated communities with their radios or through other automated means instead of relying on key codes or on-site security.
