Re: Small Lot Subdivision Amendments, Council File: 16-1045

### **SLS Amendments Must Include Mandatory Design Review Standards**

Dear Councilmember Ryu,

I am writing to express my anger at the current proposal to amend the Small Lot Subdivision Ordinance. Communities across LA have said over and over again that there must be Mandatory Design Review Standards, and citizens spent months working with the City on these standards.

Recently the PLUM Committee voted to send the SLS Ordinance to the full Council without Mandatory Design Review Standards. This is unacceptable. If these mandatory standards are not included in the final

ordinance, they have no weight and cannot be enforced.

After citizens spent considerable time spent in workshops, meetings and committees, now the City is essentially throwing all that work away. This is outrageous.

I urge you to state publicly that you will not support the amended SLS ordinance unless the Mandatory Design Review Standards are included.

Thank you for your time.

Sincerely,

Casey Maddren
