Dear Plum Committee CouncilMembers

I am emailing to urge the Councilmembers to Save Hermitage and Uphold the appeal for Case Number VTT 73704-SL and ENV-2015-2618-MND scheduled for the Planning and Land Use Meeting on October 25, 2016.

We need you to stand up to Greedy Developers who bully and harass tenants, destroy our architectural legacy and demolish the last of our rent stabilized homes.

We ask the Planning and Land Use Management Committee to follow the General Plan and Ordinances by not approving projects that are out of compliance.

Thanks!!!!

Sincerely,

Tracy Walker

Dear Plum Committee Council Members,

I am emailing to urge the Councilmembers to Save Hermitage and Uphold the appeal for Case Number VTT 73704-SL and ENV-2015-2618-MND scheduled for the Planning and Land Use Meeting on October 25, 2016.

Having attended the last appeal presented before the commission on this case (in spite of close to 2 hours of neighborhood testimony, the appeal that was denied), I implore you to stand up to Greedy Developers who bully and harass tenants and destroy our architectural legacy. This show of greed has left many tenants of rent stabilized homes without affordable housing.

We ask the Planning and Land Use Management Committee to follow the General Plan and Ordinances by not approving projects that are out of compliance such as this one.

Thank you.

Sincerely,

Ilene Graves

Hello all,

Regarding the above referenced case number of an approved development that is pending an appeal, I trust based on the information below that this appeal will be UPHOLD without hesitation:

The Developer (Urban-Box) does not yet own all the properties.
The city is attempting to give away a public street to benefit the developer without jurisdiction.

This development is not compatible with the general or specific plan, is demographically inappropriate, removes rent control occupied units, (which has been a contributing factor in the increasing homeless population) and permanently removes ADA compliant units.

Destroys dozens of mature trees, removes all existing open space land, removes a wildlife habitat and the safety of sidewalks.

Any single one above is enough, but with all these very important issues at stake, I hope you will strongly consider upholding this appeal.

Sincerely,

Heidi MacKay

RE: Hermitage and Weddington St. VTT 73704, ENV-2015-2618-MND COUNCIL FILE# 16-1048-S1

Dear Members of the PLUM COMMITTEE,

Please see the attached pages of what the city likes to call an “underutilized” street. Please consider my submission received as a SEVERE OBJECTION by a member of the community.

Bureau of Engineering LAND DEVELOPMENT Manual - Part D

D 719 SUMMARY VACATION

Engineering should not recommend the Summary Vacation process if the request is controversial or objections from the community were received.

D 730 VACATION INVESTIGATION AND ANALYSIS

The Bureau of Engineering is responsible for the investigation of a vacation to determine if such substantial evidence exists to make a finding that the street is unnecessary for present or prospective public use.

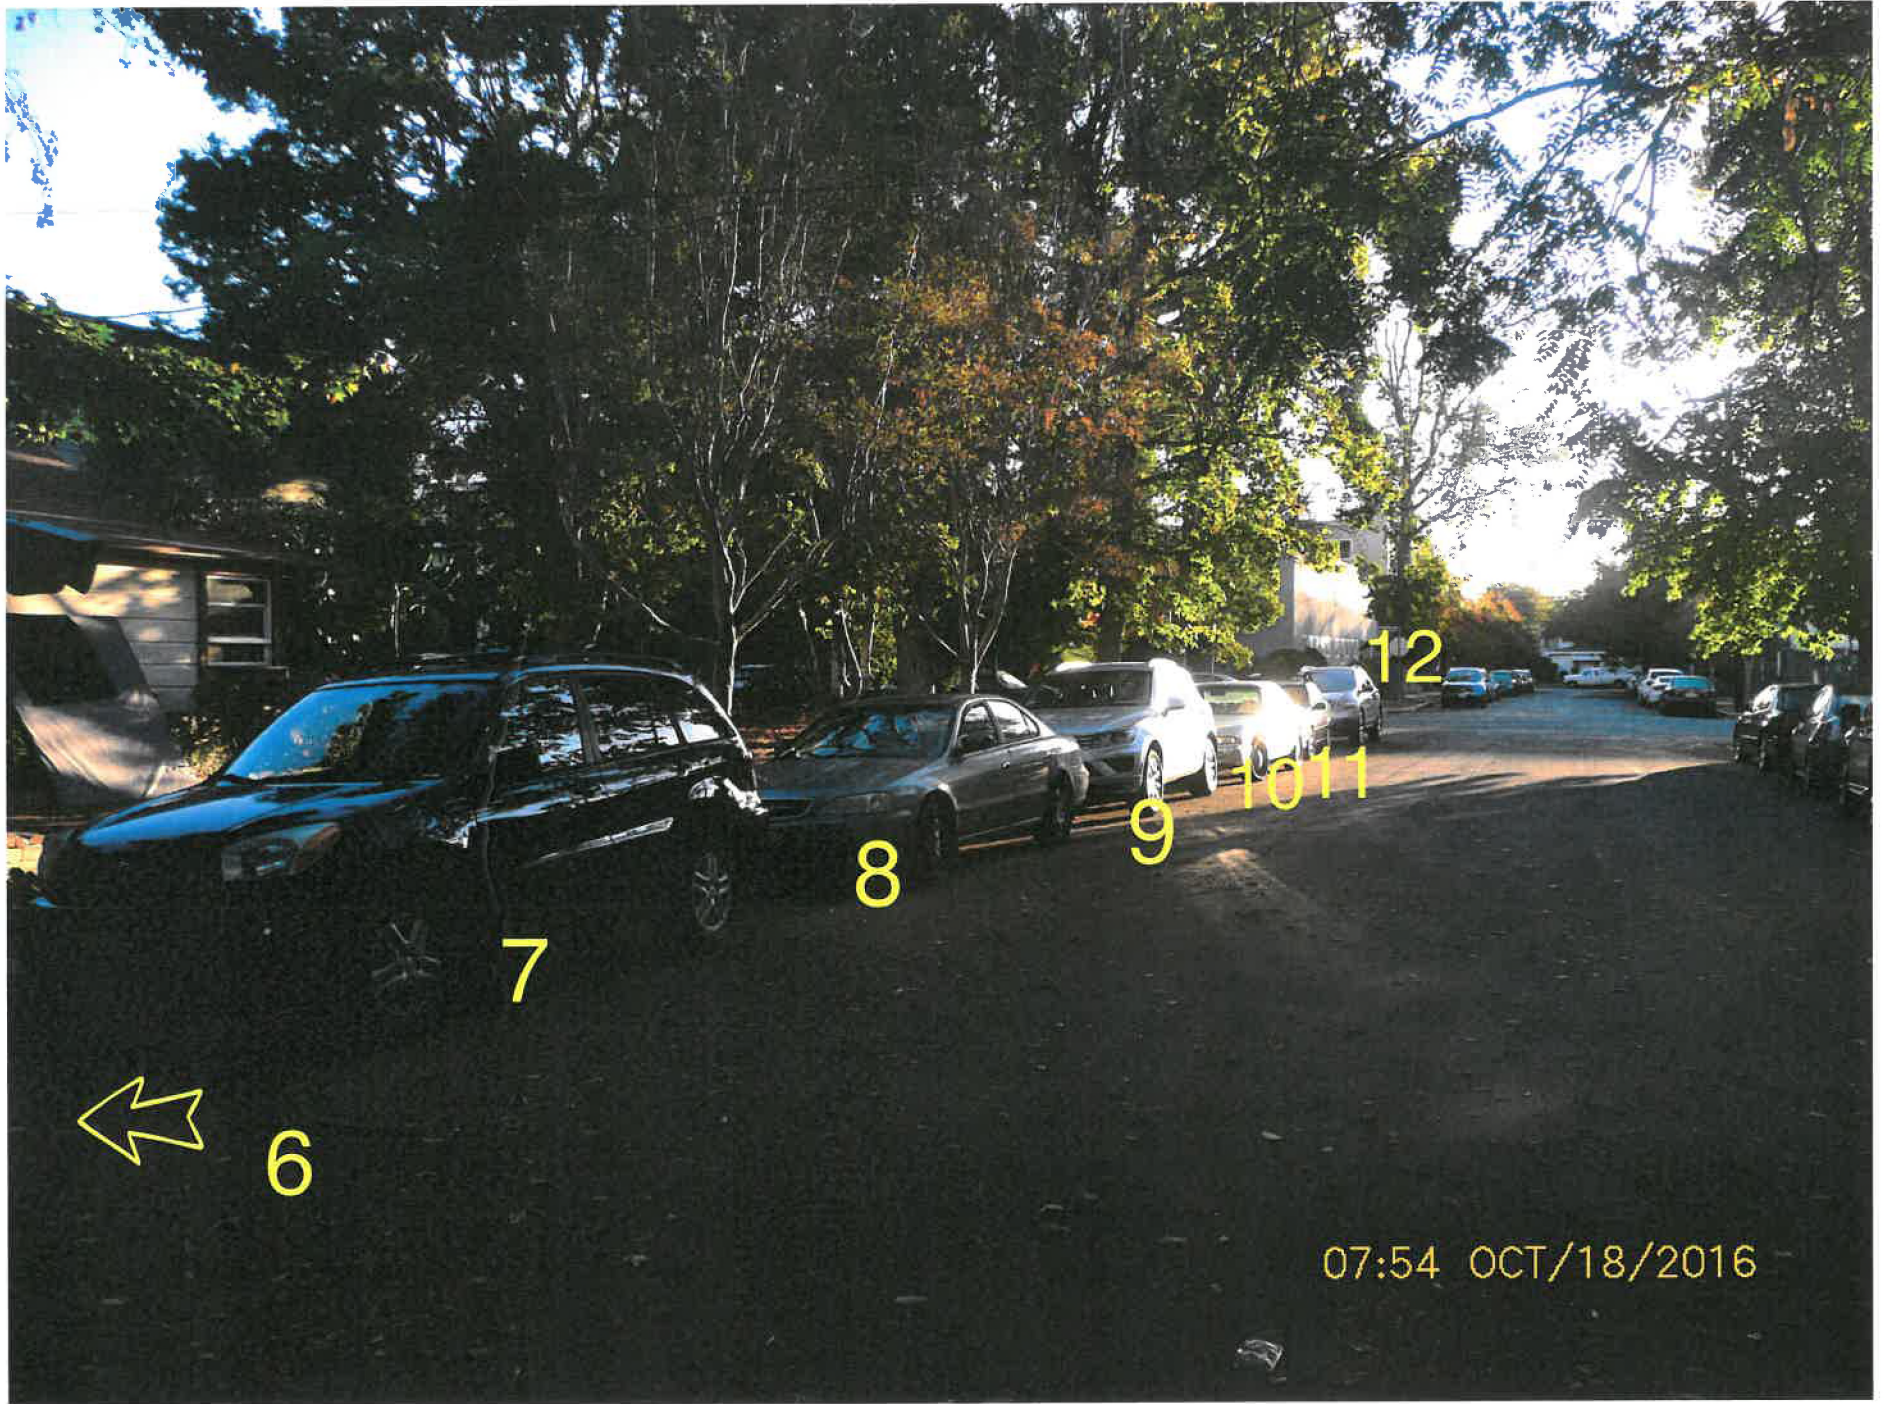

Sincerely,

Frederick Serrano
