Dear Plum Committee CouncilMembers,

I am emailing to urge the Councilmembers to Save Hermitage and Uphold the appeal of Case Number VTT 73704-SL and ENV-2015-2618-MND.

This case sets a very dangerous precedent in which developers can get city approval for developments on parcels they don't even own and then use the fact they got city approval in their efforts to bully people out of their land through expensive lawsuits. Where does that stop? This is extremely worrying to say the least. The current owners are in their 80's. They had never heard of Urban Blox before they were deposed. We have access to the entire deposition if you would like to see it. In it, the owners say repeatedly that they have never heard of Urban Blox, have not signed an agreement to sell their property nor have they authorized anyone to do so. Please do not stand by and watch our seniors bullied out of their inheritance by these developers.

I urge you to ask Councilmember Krekorian and the DCP to withdraw support for this project and to uphold the appeal.

Thank you!

Anne Hars
