Re: *Oppose Historic Designation of the Hope Moorpark Estate*

Dear Councilmember Ryu,

I am writing to urge you to oppose the designation of the Bob and Dolores Hope property on Moorpark as historic. The City's Cultural Heritage Commission studied and toured the property and determined that it does not meet the standards for eligibility. Their recommendation is not to deem the property historic. Please uphold their recommendation.

Further, the proceeds from the sale of the Hope Estate will benefit the Hope Foundation, which provides grants to local community organizations that help those in needs (feeding the hungry, clothing the poor, providing shelter to the homeless) and those who served our country in the armed services. Designating the home would reduce its value and make it difficult for sale, further impacting the good work of the Foundation.

Bob and Dolores Hopes wishes were not for their home to be turned into a monument. Rather, they wanted it sold so that its proceeds can help those in need. A designation would be against their wishes and makes the sale of the home more difficult.

Please uphold the Hopes' wishes and the Commission's recommendation to not designate the Moorpark property.

Sincerely,

9 TOWNA ESTATES DRIVE

TOWNA LAKE, CA 91602
