Comments for Public Posting: Dear City Councilmembers, We are unable to attend today's council meeting but we want to share our thoughts on the full animal ban. We wanted this years ago when LA passed the bullhook ban- because all wild animals suffer terribly for our entertainment & it must stop. So we are thrilled that this is finally happening & urge your support. We are disappointed that wild animals will still be able to be transported around for educational/conservation events because we believe using wild animals in this manner is a bad education & it is not conservation. While we applaud your not allowing human-animal contact, we think it's wrong, stressful & still dangerous to allow them to be used this way. We urge you to rethink this portion. We thank you for your time & attention. Patty Shenker & Doug Stoll 5441 Dubois Ave. Woodland Hills, Ca. 91367

Comments for Public Posting: I ask the Council to ban the use of wild and exotic animals in entertainment. Please close our borders those who profit from breeding, confining, isolating, and transporting wild animals or use pain and deprivation to force them to perform. Thank you.
