I am requesting that nonprofit organizations that promote the education and conservation of animals be excluded from agenda Item 16-1357. They volunteer to exhibit animals at many schools, parks, and events organized by the Museum of Natural History, the National Park Service, STEM nights and other events at local schools. Please write an addendum that would allow them to continue to exhibit and teach our youth about wildlife and give them the opportunity to interact with them in a safe and caring way.

it's important that children get exposed to them so they can see the beauty in all creatures and not be afraid of them later in life.

Thank you.
