Dear Committee on Personnel and Animal Welfare,

**Opposition** to agenda item #16-1357 : Please include this letter into public record to be included in any hearing, studies, and or reports pertaining to this issue.

Hi my name is Tasha Zamsky I am an animal trainer for the last 25 years in the movie industry. I am a member of local 399 & and have been in good standing for the last 24 years. I have worked on many productions over the last 3 decades. Through my career I have worked on countless animal projects witnessing their care and how much the animals truly enjoy it.

Cutting out animals out of the younger generation would be a huge mistake & to everyone . Please don't do this . It would be so sad to know that taking away that connection that animals and people have would be a something that we would all regret for the rest of our lives.

Our facility is closely monitored and properly permitted by the USDA, US Fish and Wildlife Service, California Fish & Wildlife Service, as well as city permits.
