OPPOSITION to agenda item #16-1357:

To Whom it May Concern,

My name is Riley Jimison and I am requesting that nonprofit organizations that promote the education and conservation of animals be excluded from agenda Item 16-1357. They volunteer to exhibit animals at many schools, parks, and events organized by the Museum of Natural History, the National Park Service, STEM nights and other events at local schools. Please write an addendum that would allow them to continue to exhibit and teach our future generations about wildlife and give them the opportunity to interact with them and experience them in a safe and caring way. These opportunities are an invaluable life experience for everyone and can make a profoundly positive impact for decades to come and promote environmental stewardship in a time of environmental crisis around the world. Thank you.

Sincerely,

Riley Jimison
