I am writing to oppose Agenda #16-1357, this bill would take away a very important and vital part of the Public Education and Awareness events that in the end only serve to promote and protect the very wildlife that this bill would take away from this arena of education. Moorpark community College, in Moorpark, CA. Has a rare program that many people have benefited from that helps to educate and train them in the proper care, treatment and training of Wild and Exotic Animals, these people go on to further education and jobs working with these Wild and Exotic Animals in different fields such as Animal training and care at Zoos, Animal trainers and Wranglers for TV and Movies and Veterinarians to name a few. This bill would take so much away from not only the people but the very Animals it is Supposedly protect, it is not the bill needed to do this job, please DO NOT PASS THIS AGENDA #16-1357.

Sincerely; Steven J. Kaskus
