Dear Committee on Personnel and Animal Welfare

OPPOSITION to agenda item #161357. Please include this letter into public record to be included in any hearing, studies and or reports pertaining to this issue.

While I represent several animal groups, I am writing this as a Mother and a Grandmother. Watching the animals in entertainment and those traveling to schools and parks for educational outings were the highlights of my children, my grandchildren and not my great-grandchildren.

Please do not take the mis-characterizations that have been advanced by groups that have other motives other than the welfare of animals. Instead of passing a ban, please support the efforts of those working to save endangered species by educating everybody about the need to conserve and study animals domestically and in the wild.

Stormy Hope
