Dear Mr. Lid,

I am a retired Park Ranger for the Conejo Open Space Conservation Agency.

I am writing to implore you not to pass this agenda item concerning the exhibition of wild animals.

This item would seriously curtail efforts to educate the public on our local environment and the protection of our beautiful open spaces and everything living within it.

I was a volunteer for the Santa Suzanna state park and I used my collection of captive bred Kingsnakes for outreach to park visitors and local schools. This week, I exhibited the same snakes at the Amgen Earth day in Thousand Oaks.

You agenda item would effectively ban my outreach programs.

Please reconsider.

Thank you.
