Dear Committee on Personnel and Animal Welfare:

Opposition to agenda item #16-1357: Please include this letter into public record and it is to be included in any hearing, studies, and or reports pertaining to this issue*

Banning the use of animals for entertainment cuts jobs and homes for animals. This will create a downfall economically for California. Passing this proposition will force many companies into other states. Thus, pushing work and jobs out of California.

Many animals that are used in this industry are rescues. Many are rescued from shelters and others are rescued from unfit homes. These animals are not being harmed. They are treated humanely. If we get rid of animals in entertainment then, what's next? The banishment of zoos? How do you expect children to be informed on animals with out having the chance to actually see them? The best way to learn is to be active and present. These children won't have the chance to be near one, let alone SEE one.

Best regards,

Sara Hammond
