Good morning miss Dickinson,

My name is Barbara hill and I currently reside at the Barrington Plaza across the street from the proposed project by Douglas Emmett management. Living here for 18 years, I am very familiar with the area. & Being that the land in this radius is under an earthquake fault I encourage you to consider any construction over 5 stories. Refer attached link :

Along with that I encourage you to consider the traffic that will come surrounding this area as both stoner and westgate st are very narrow streets and we have no other alternatives to avoid the traffic. As a long time resident of the Barrington plaza by desire is to keep the neighborhood quaint and free of obstructions as it has been for many years.

If you have any more questions, comments or concerns please feel free to contact me at my email or phone number: 310-312-4995

All the best,

Barbara hill
