

Sharon Dickinson City Planning

I Bill Lowe am filing a legal protest for a 22 unit apartment building at 18334 Malden St. Permit #1300-2000-04209.

The last hearing was for a 14 unit 2 story high building. There were 4 people at the hearing, hearing officer, architect, myself and a neighbor. The architect wanted to build to the back lot line. 2 lots R3 / R1 and he wanted to use 15ft of the R1 lot as rear yard for the R3 lot.

Have not heard anything until March 2 2017. when junk on lot was bulldozed into a pile and notices were posted. I want a hearing on this.
