RE: Case no. DIR-2015-2976-TDR-SPR: Proposed Alexan Development at 850 S. Hill Street

Dear Councilman Huizar,

This is a letter in opposition to the Alexan project that has been proposed to be built on the corner of 9th and Hill in the Historic Core.

The Alexan project is a thumb in the eye to the Historic Design Guidelines, and if allowed to be built it will be monstrous blight on the Historic Core of DTLA. Please do not let this project move forward. Shut it down now before it irreparably damages the Historic Core.

Sincerely,

Bruce Lewitt

the City Clerk, Room 395, City Hall, 200 North Spring Street, Los Angeles, CA 90012. In addition, you may view the contents of Council file No. 16-1462

Please be advised of my opinion regarding Council file No. 16-1462. This proposed enormous/glass/steel structure is inappropriate for the space adjacent to the Eastern Columbia- a beautiful, historic landmark reflecting the culture and history of Los Angeles.

Thank you,
Enid Nilsson
849 S Broadway

RE: Case no. DIR-2015-2976-TDR-SPR: Proposed Alexan Development at 850 S. Hill Street

Dear Councilman Huizar,

This letter is in opposition to the Alexan project that has been proposed to be built on the corner of 9th and Hill in the Historic Core.

Do not let the Alexan project go forward! Its design willfully ignores the Historic Design Guidelines and its construction if allowed to proceed contemptuously tramples on the future of our great city's Historic Core.

Sincerely,

Nancy Nigrosh
