Dear Councilmember Koretz,

With a growing family, and having lived in our small house for almost 15 years, we feel it is only fair to be able to build on our property to best accommodate our family just like the families are afforded in nearby neighborhoods. Why should their property rights weigh more than ours?

My wife and I both work for the City of Los Angeles, please don't make us move to find a larger home.

We strongly support the R1V2 zoning for Rancho Park/Westwood South!

Thank You,

Steve Stern
