City Council File 16-1470 - Zoning R1-V2 Request for Cheviot Hills (West)

John Mackel

May 23, 2017 6:42 AM

Posted in group: **Clerk-PLUM-Committee**

Honorable Councilman Koretz and Plum Committee Members:

We remain strongly in support of R1-V2 for our two residential properties in Cheviot Hills and request that you support it. In fact, we are concerned that R1-V2 is still too restrictive for the area as reflected by the large majority of people voting for R1-V2 at the CD5 CHHA meeting last night as last resort. If a less restrictive option was on the table it would probably receive even more support. We sense apathy in the neighborhood over the restrictiveness of the remaining options and anger over the presentation of no less restrictive options. We understand how these options arose and believe they were contrived by those with an agenda to force this on the neighborhood.

Best regards,

John Mackel and Sherrie Mackel
