Hi Sharon,

Can you please distribute this letter for tomorrow's City Council meeting? Thank you!

Dear City Council,

We support the position that the LA City Council should **oppose** Scott Pruitt for EPA administrator.

SCOTT PRUITT SHOULD NOT LEAD THE EPA

The people of this country deserve someone who will represent our interests- not someone with a record littered with conflicts of interest and a history of actually suing the EPA.

Surely there exists better folks in this country who can head the EPA in a non-compromised fashion.

Thank you for your consideration.

Yours sincerely,

Debbie Weiss and Adrian Lorimer
