Summary: The Los Feliz Neighborhood Council (LFNC) is in support of the Griffith Park Traffic study, as outlined by Councilman Ryu on March 24, 2017. Los Feliz is home to Griffith Park, the largest urban park in the country, and as such is uniquely impacted by the tremendous volume of visitors who arrive via bus, bike, or private automobile. There are multiple ingress/ egress points into the park at Fern Dell Drive/Western Canyon Road, Vermont Canyon Road, Commonwealth Canyon Road, and Crystal Springs Drive. We request that Los Feliz be included in the "community impact zones," particularly near the egress points mentioned above. Additionally, we request that the study include vehicular and pedestrian traffic patterns at the intersection of Franklin Avenue and Western Avenue. Also, we request information on how the closure of the Beachwood Trail access has/will impact traffic in Los Feliz. Finally, we request that any and all data from the traffic study be made available to all. For these reasons, the LFNC SUPPORTS this motion.
