Posted in group: **Clerk-PLUM-Committee**

Dear Councilmembers Jose Huizar/PLUM committee,

First of all I would like to thank Councilman Herb Wesson and his Assistant Chief Deputy, Andrew Westall for their help in trying to get this resolved.

However with the issue of 'condominium homes, we *object to Williams Homes building condominiums . attached or detached, at 15508 Plummer St. And request a continuance for six (6) months so our new elected council member can be seated in chamber and have time to study this case and meet with the homeowners and builder and hear their concerns.*

Thank You for your consideration,

Best Regards

Charles & Norma Johnson
