Subject: Petition against 2130 E. Vilolet St / CPC-2016-1706-VZC-HD-SPR / Council File #17-0025

To: jojo.pewsawang@lacity.org, sharon.dickinson@lacity.org

Cc: Clare.Eberle@lacity.org

Dear Mr. Pewsawang and Ms. Dickinson,

My name is Denise Meraz and I live in the Arts District. Over 200 of us have signed a petition calling for full environmental review at the site which is tentatively going to be heard by the PLUM Committee on March 21st. Attached is an updated list of petition signatures calling for a full EIR on the 2130 Violet St project.

Regards

Denise Meraz
1855 Industrial St #418
Los Angeles, CA 90021

--

Denise Meraz

Councilmember Jose Huizar,

31 people have signed a petition on Action Network telling you to Developers: Clean up Toxic Wastel.

Here is the petition they signed:

We, the undersigned, call on Councilmember Huizar to REJECT the 2130 Violet Street Project without a full environmental impact report.

You can view each petition signer and the comments they left you below.

Thank you,

Daria Ovide

1. **Antonio Mendoza** (*zip code: 90014*)

2. **Anna marip Piersimoni** (*zip code: 90021*)

3. **Aria McLauchlan** (*zip code: 90291*)

4. **Carol Rosenthal** (*zip code: 90021*)

I live at 2121 E. 7th Place -- a stone's throw from this toxic mess. I have a 7 month old baby. If these toxins become airborne he runs the risk of getting very sick, as do all of the people here in our building. It's imperative that these developers CLEAN UP THE CONTAMINATION BEFORE BUILDING. Otherwise there will be many sick people on their hands.

5. **Colin Shorkend** (*zip code: 90021*)

I own a building in the district

6. **Chachi Prasad** (*zip code: 90021*)

My family and I have lived in the arts district since 2006. I have conducted business in the district since the also. Please do not let developers ignore or surpass items that are important to the community and to LA as an whole.

7. **Daria Ovide** (*zip code: 90026*)

8. **Ethan Walter** (*zip code: 90021*)

9. **Megan Schaeffer** (*zip code: 90405*)

10. **Bethany Ward-Lawe** (*zip code: 90021*)

11. Claude Kent (*zip code: 90013*)

No person or business should be granted a building permit unless they can prove that their property does not pose a hazard to public health

12. Justin Wilcott (*zip code: 90021*)

13. kim pinola (*zip code: 90021*)

14. Stephanie Krueger (*zip code: 90021*)

I'm right around the corner. Test and clean up!

15. Lucas Magasweran (*zip code: 90012*)

I live downtown and understand that as more residents move in environmental hazards will have a lasting effect on future generations. Please keep our backyard clean.

16. Marcia Rosenthal (*zip code: 90403*)

17. Miranda Garrison (*zip code: 91604*)

18. Nathonn Carmona (*zip code: 92840*)

19. Nellie Ruiz (*zip code: 91801*)

20. Suzanne Neubauer (*zip code: 90021*)

21. Julia Posin (*zip code: 90013*)

As a long time resident of the downtown Arts District, I am deeply concerned that this project will cause severe health risks to the entire neighborhood (and city). I urge you to consider all the impacts to our natural environment and honor your commitment to advocate for and protect the general health and wellbeing of the citizens of LA, who would be left vulnerable and exposed to carcinogenic airborne chemicals and contaminated tap water.

22. Lorena Porras (*zip code: 90021*)

As a local business owner and as a local resident, I personally will be affected by this if no action of clean up is taken care of. I have a seven month old baby and we live within view of this site. If no action is taken by this developer and if there is no enforcement by officials such as yourself our health will be affected negatively.

23. Ralph Packer (*zip code: 90014*)

24. Remo Packer (*zip code: 90014*)

25. Silvia Fuentes (*zip code: 91030*)

26. Susan Abramson (*zip code: 90013*)

27. Don Steiner (*zip code: 34293*)

28. Tozar Simich (*zip code: 90021*)

I am a resident

29. Tracy Tynan (*zip code: 90021*)

30. Georgianna Allen (*zip code: 90021*)

I live in here and am a small business owner in this neighborhood too.

31. Alexandra Martin (*zip code: 90021*)

Clean it up!!!! I live work down there!

Lowe Enterprises is seeking approval to build a 9 story office building at 2130 S. Violet St. An environmental review revealed the site was contaminated with elevated levels of lead, as well as levels of percholoroethyne beyond laboratory reporting limits.

Percholoroethyne is a chemical characterized by the EPA as a "likely human carcinogen" that can cause brain damage at sufficient levels of exposure. Lead exposure even at low levels can cause neurological damage in children.

Lowe has not submitted a plan to clean up the contamination.

We, the undersigned, call on Councilmember Huizar to say NO to Lowe Enterprises until a full environmental review is conducted.

- Lowe Enterprises is seeking approval to build a 9 story building at 2130 S. Violet St. An environmental review revealed the site had elevated levels of chromium and lead as well as levels of perchlorethyene above laboratory reporting limits. Perchloroethylene is a chemical characterized by the EPA as a "likely human carcinogen" that can cause nerve and brain damage at sufficient levels of exposure. According to the Center for Disease Control, Chromium is a "well established carcinogen associated with lung, nasal and sinus cancer" at sufficient levels of exposure. Lead exposure even at low levels can cause neurological damage in children.

Lowe has not submitted a plan to clean up the contamination.

We, the undersigned, call on Councilmember Huizar to say NO to Lowe Enterprises' project until a full environmental review is conducted.
