I left a message earlier in the week. Did not hear back to confirm receipt. Following up with an e-mail. As a constituent, I want for my representatives to demand a full state oversight of the cleanup at 2130 Violet Street. In addition, I want to see a full environment impact. This location has a history of problems.

Finally, it should be noted there was sort of fire in 2014. Unsure if any sort of environment cleanup was performed after the fire. Video of the fire below.
