Summary: The Greater Valley Glen Council shares the concerns expressed in the City Council motion of January 10, 2017 enumerating the untoward influence that developers and their principals can have on decisions made by the City through the unrestricted monetary donations that they can make to candidates seeking City office and to City officials holding office. As such we endorse the restrictions sought in the motion and ask that the ordinances and reports called for in the motion be forthcoming and that, where they can be identified, that developers likely to submit plans for future projects be also similarly restricted.
