To Clerk.CPS@lacity.org I oppose the proposed building of a 7 story apartment building for the homeless in the city of Chatsworth Ca. At Topanga and Devenshire Blvd as per council file # 17-0090-S8.

Clerk.CPS@lacity.org

There is a building on Day St. in Tujunga to house the homeless which they (refused) to occupy because of rules. No drugs, alcohol or pets. (How can people who can't feed themselves care for pets??) and they were not allowed to bring their stolen grocery Carts full of garbage into the facility.

That building is now apartment rentals. These people are a portion of society who refuse to obey rules. Fix that situation! Then talk about building places to house them. Not in an area near schools and parks or in a situation like a seven story building near and able to look into peoples homes and yards.

Put 1.2 Billion Dollars from Prop.HHH into an uninhabited area so they can take care of each other. These people are out of control in civilized communities. Housing them should be under strict supervision where they have to prove their responsibility, not infringe on the rights of others or on their safety.

Respectfully Submitted

George A. Wetzel
