Re: Support for Motion to Reinstate Alcohol-Specific Land Use Conditions

Dear City Councilmember,

On behalf of the South Los Angeles of Neighborhood Councils, please consider this letter acknowledgement of our formal support of the conditions motion, which calls for the reinstatement of admissible conditions of approval specific to the sale and service of alcohol on Conditional Use Beverage permits in the City of Los Angeles as a means of protecting public health, safety and quality of life.

Without the ability to place alcohol-related conditions, residents and community partners -- including law enforcement -- have limited ability to mitigate land use impacts stemming from the sale or service of alcohol.

Applying alcohol-specific conditions to local permits is a proven method to protect communities while fostering economic growth and business interests. This motion will provide a 'path to yes' for businesses. Conditions specific to the sale and service of alcohol have sound legal grounding and are utilized in the vast majority of California cities and counties.

We strongly urge you to support this motion to protect the health and safety of our Los Angeles communities.

Sincerely,

Lonella J. Enix, President of SLAANC
