To whom it may concern,

I would like to add the attached PDF that contains signed petitions in support of the ARUS motion from members of Variety Boys & Girls Club in Boyle Heights and a letter of support from the Coalition to Prevent-Alcohol Related Harms in LA Metro to **Council File 17-0117**. Thank you.

Best,

Vince

*Re: Council file number 17-0117 Alcohol Restricted Use Subdistrict /  
Conditional Use Permits - Support*

Dear Chairman Huizar,

On April 21<sup>st</sup>, 2016 the Coalition to Prevent Alcohol-Related Harms in LA Metro (CoPALM) held a community forum at Resurrection Church in Boyle Heights to inform community members of alcohol-related harms in the neighborhood and about the Alcohol Restricted Use Subdistrict (ARUS). Your field deputy at the time, Franklin Ochoa, and Hollenbeck Neighborhood Prosecutor Cynthia Gonzalez gave presentations on alcohol-related issues in Boyle Heights. At the community forum, we also collected over 140 petitions from stakeholders in Boyle Heights, including 100 youth from Variety Boys & Girls Club, who support policy to create subdistricts where no new alcohol outlets can be established. Attached to this letter are scanned copies of the petitions we collected from stakeholders in Boyle Heights.

As concerned community members we are troubled by the overconcentration of alcohol retail locations in the City of Los Angeles. Currently there is a motion (**Council File 17-0117**) instructing the Planning Department, in consultation with the City Attorney, to prepare a report on the feasibility of establishing a process to create Alcohol Restricted Use Subdistricts (ARUS), that would serve to restrict the overconcentration of alcohol retailers in areas of the City where the retail sale of alcohol is negatively impacting neighborhoods and residents.

ARUS would allow communities and their representatives to identify vulnerable areas in city council districts where restrictions could be applied on the future issuances of off-sale or on-sale alcohol licenses. ARUS zones will protect communities and families while encouraging healthier retail options to open up in the area.

The correlation between overconcentration of alcohol retail locations and harms is unquestionable. We ask that you listen to the demands of your constituents and schedule the ARUS motion for a hearing. We also respectfully request that the committee support passage of the motion.

Sincerely,

Mihae Jung, Coalition Lead

Yo, Viky Reyes, insto a la ciudad de Los Ángeles a hacer frente al problema de la alta densidad de expendios de alcohol, mediante políticas a favor de la creación de un área en mi vecindario donde no puedan instalarse más licorerías o expendios de alcohol. Estoy a favor de este esfuerzo porque: quisiera que evaluaran mas mi area porque en solo una esquina hay 4 lugares que venden alcohol

No Más Licorerías

Yo, Noemi Reyes, insto a la ciudad de Los Angeles a hacer frente al problema de la alta densidad de expendios de alcohol, mediante políticas a favor de la creación de un área en mi vecindario donde no puedan instalarse más licorerías o expendios de alcohol. Estoy a favor de este esfuerzo porque: \_\_\_\_\_
