3. INSTRUCT the CAO, with the assistance of the LAPD, to report on available federal, state, local or private funding available for infrastructure security improvements around potentially vulnerable sites, including but not limited to, religious, cultural, ethnic and LGBTQ institutions, and the feasibility of implementing a vulnerability assessment program, including but not limited to, emergency plan review, perimeter check and security equipment analysis.
4. INSTRUCT the LAPD to review and build out the department's victims assistance literature to include service providers that are geographically and demographically specific to the needs of victims; include victims assistance providers that offer mental health and/or emotional support services; and report back on the feasibility of creating a website for victims assistance resources.
