Council File Number: 17-0276-S2

Agenda Date: 06/07/2017

Item Number: 12

Summary: The Neighborhood Council of Westchester Playa states its support for the Landside Access Modernization Program (LAMP) at LAX. The residents and businesses in our area and in Los Angeles rely on LAX for trade, tourism and travel. The development of LAMP is intended to bring much needed traffic congestion relief to the area surrounding LAX and will bring much needed modernization to our International airport.

While the traffic improvements are anticipated when the project is complete, the impacts on traffic while Phase One is constructed must not be underestimated and traffic mitigation measures must be implemented along the way to soften the potential chaos that all of this construction may bring to the NCWP community.
