

PLANNING AND LAND USE MANAGEMENT COMMITTEE REPORT relative to the current practices to address freeway pollution.

Recommendation for Council action, as initiated by Motion (Huizar - Koretz):

INSTRUCT the Department of City Planning, with the assistance of other departments and outside experts as needed, report on the City's current practices to protect public health from air pollution from freeways, including the Freeway Adjacent Advisory Notice, air filtration requirements and any other conditions imposed on development near freeways; the report should include the following:

- a. Identifying baseline/existing conditions Citywide so as to allow the Council to determine the extent to which potential new requirements should be considered.
- b. Recommending updates or improvements to current requirements which could minimize exposure to air pollution; among the other strategies that the report should consider are the education of participants in Community Plan updates and facilitating the deployment of air quality monitoring.
- c. Reporting on the status of City programs to foster a transition to electric vehicles, with recommendations to expedite this transition and to encourage its benefits are shared by lower-income and high-pollution neighborhoods.

Fiscal Impact Statement: Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

(Health, Mental Health, and Education Committee waived consideration of the above matter)

Summary:

At a regular meeting held on June 20, 2017, the PLUM Committee considered Motion (Huizar - Koretz) relative to freeway pollution. Staff from the DCP provided the Committee with some background information. After an opportunity for public comment, the Committee recommended to approve the Motion with DCP being the lead department. This matter is now submitted to the Council for consideration.

Respectfully Submitted,
