Council File No: 17-0453

Comments for Public Posting: According to the date of the city council vote, the full city council approved the appointment of a 3 member panel of independent, unbiased medical professionals to assess the health and well-being of Billy the Elephant held at the Los Angeles Zoo. What is the status of this panel? When will the panel be appointed and the names of the panel members released to the public? What is the timeline for when the medical assessments will be completed? Thank you for your attention to this matter.

Council File No: 17-0453

Comments for Public Posting: Based on the information in Council File #17-0453, the full Los Angeles City Council voted in November of 2018 to approve the appointment of a 3 member panel of independent, unbiased medical professionals to assess the health and well-being of Billy the Elephant held in the Los Angeles Zoo. When will that panel be appointed and the names released to the public? What is the timeline for the completion of the medical assessments? Thank you for your attention to this matter.
