Subject: RE:COUNCIL MEETING, AUGUST 29, 2017, AGENDA ITEM 11, COUNCIL FILE 17-0537, CD11, DIR-2016-304-DB-SPR-1A, CEQA No.ENV-2016-2229-MND-SUPPORT

Dear Sir or Madam:

I am a resident of Mar Vista and I support the Motion by our Council member, Mike Bonin, to require that the above named project be modified to reduce its impact on the neighborhood.

I am strongly in opposition to the City Planning Commission and Planning Department's approval of this project, as proposed,

for the reasons stated in the Appeal filed by the West Mar Vista Residents Association and the South Mar Vista Neighborhood Association.

Also, because we are sensible people with some common sense, we can see that this proposal is detrimental to the neighborhood and the environment in every conceivable way. If this is approved, you will be responsible for the negative impacts that will occur.

Clara Beard

Hello-

Hope this email finds you well. Please take a moment to view the attached pics.

These are pics of Glendower Ave. when all Chaz Dean's employees have parked on the street, along with a few other neighbors and visitors from the area. As you can see, the street, especially at the curves is very tight. Im not sure how trucks are to pass by when we have a difficult time passing through with a average sized car?

Honorable Mayor Garcetti
Honorable Mike Bonin, Councilman
Mr. Vince Bertoni, City Planner
City Clerk, PLUM Committee

Re: Council File 17-0537, CD 11, DIR-2016-304-DB-SPR-1A,
CEQA No. ENV-2016-2229-MND-SUPPORT

As a long time homeowner in Mar Vista, I support Mike Bonin's motion to require that the 12444 Avenue Blvd project be modified to reduce its impact on this neighborhood.

I also oppose the City Planning Commission Department's approval of the project, as proposed, for the reasons stated in the Appeal filed by the West Mar Vista Residents Association and the South Mar Vista Neighborhood Association.

I have been attending all the hearings and am quite concerned about the impact to my neighborhood. I am not against development but this project does not fit the neighborhood. It also does very little to help low income housing.

Your Honor,

As a resident of Mar Vista since 1975 I support the motion by our council men, Mike Bonin, that requires that the project at 12444 Venice Blvd. be modified to reduce its impact on the neighborhood. As mentioned in earlier meetings, this proposed building will be the tallest building on Venice Blvd. from downtown to the beach.

We oppose the City Planning Commission Planning department's approval of this project as it is proposed for the reasons stated in the appeal filed by the West Mar Vista Residents Association and the South Mar Vista Neighborhood Association.

Respectfully,

Katherine M. and William J. Cleary JR.
