Summary: The Palms Neighborhood Council requests the city amend the proposed budget to fund a program of childcare in the neighborhood council system. The "Plan For A Citywide System Of Neighborhood Councils" lists the need for childcare as one of two "Mitigating barriers to participation" (Article VII, Item 12, sub-section D) in the formation and development of Neighborhood Councils. The PNC believes that this "barrier" continues past the point of certification and as such maintains an unequal level of access to the services of the Neighborhood Council system. A childcare program would serve to increase participation at the monthly Neighborhood Council board meetings by allowing those with childcare needs to more fully engage with their city government.
