The area involved shall be the area in which significant effects would occur either directly or indirectly as a result of the project. The “environment” includes both natural and man-made conditions. (CEQA Guidelines, Section 15360.)

(iii) **“Lead Agency”** means the public agency which has the principal responsibility for carrying out or approving a project. The Lead Agency will decide whether an EIR or Negative Declaration will be required for the project and will cause the document to be prepared. Criteria for determining which agency will be the Lead Agency for a project are contained in Section 15051. (CEQA Guidelines, Section 15367.)

(iv) **“Project”** means the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment as defined by CEQA Guidelines Section 15378.

For the purposes of CEQA, the term “Responsible Agency” includes all public agencies other than the Lead Agency which have discretionary approval power over the project. (CEQA Guidelines, Section 15381.)

(vi) **“Significant Effect on the Environment”** means a substantial, or potentially substantial, adverse change in any of the physical conditions within the area affected by the project, including land, air, water, minerals, flora, fauna, ambient noise, and objects of historic or aesthetic significance. be considered a significant effect on the environment. A social or economic change related to a physical change may be considered in determining whether the physical change is significant. (CEQA Guidelines, Section 15382.)

2. Upon submission of an Application containing a complete project description for a License, and payment of all applicable fees, DCR shall consider whether the Project has been subject to prior environmental review under CEQA and, if not, what form of environmental review for the License is appropriate. If DCR proposes to act as the local Lead Agency under CEQA, DCR shall prepare, or oversee the preparation of, the appropriate CEQA document which may include: reliance on one or more categorical or statutory exemptions, a negative declaration or mitigated negative declaration, an environmental impact report, a sustainable communities environmental assessment, an addendum or other document provided by CEQA. The Commission or its designee shall consider and adopt the CEQA document prior to issuance of the License. If a Significant Effect on the Environment is identified, the Commission or its designee shall adopt one or more findings, supported by substantial evidence in the record, consistent with Public Resources Code Sections 21081 and 21081.6, and CEQA Guidelines Section 15091. Alternatively, if DCR acts as a Responsible Agency under CEQA, the Commission or its designee, prior to approval of a License, shall consider the Lead Agency's environmental document and make the findings required by Public Resources Code Section 21081, and CEQA Guidelines sections 15096(g)-(h), 15050(b).

In making its determination, DCR may request additional information from the EMMD Applicant. DCR shall make written findings when the EMMD Applicant does not meet the requirements for priority processing for EMMDs. In determining whether an EMMD Applicant meets the requirements for priority processing, DCR shall consider whether the EMMD Applicant cured any non-substantive administrative violations in C. through F., and M. under LAMC Section 45.19.6.3. Once DCR deems a Proposition M Priority Processing Application is complete and eligible for a Proposition M Priority Processing, DCR shall issue the EMMD a Temporary Approval. EMMDs issued a Temporary Approval shall have their License(s) processed and reviewed pursuant to Section 104.06.

(d) If Proposition M Priority Processing is denied by DCR and, if appealed to the Commission or hearing officer and is also denied by the Commission or the hearing officer, the EMMD Applicant shall immediately cease all Commercial Cannabis Activity at the Business Premises and the EMMD Applicant shall not be entitled to the limited immunity from prosecution afforded by Proposition D. An EMMD Applicant determined ineligible for Proposition M Priority Processing may apply for a License by filing a new application and abiding by the application priority in effect at that time. DCR shall not refund any fee for an application determined ineligible for Proposition M Priority Processing.

(e) An EMMD otherwise eligible for Proposition M Priority Processing shall not be denied a Temporary Approval or a License based upon the EMMD's Business Premises location initially or amended prior to the enacted date of Section 45.19.7.2, or subsequent location approved pursuant to Section 45.19.7.2, if located in a Community Plan Area of Undue Concentration. An EMMD otherwise eligible for Proposition M Priority Processing shall not be denied a Temporary Approval or a License based upon the location of: (1) the EMMD's original Business Premises; (2) Business Premises amended prior to the enactment of Section 45.19.7.2; or (3) subsequent Business Premises approved pursuant to Section 45.19.7.2, if located in a Community Plan Area of Undue Concentration.

For purposes of this subsection only, an EMMD that has entered into a payment plan with the City's Office of Finance pursuant to LAMC Section 21.18 to pay all outstanding City-owned business taxes is deemed current on all City-owned business taxes and is deemed to have submitted payment for all City-owned business taxes.

(g) An Initial Inspection for a Temporary Approval is not required for an EMMD whose Proposition M Priority Processing Application is accepted by DCR.

(h) An EMMD issued a License pursuant to Proposition M Priority Processing is not required to adhere to the zone, distance and sensitive use restrictions stated in Section 105.02 of this Code as long as, and on the condition that, the EMMD: (1) operates and continues to operate in compliance with the distance and sensitive use restrictions (Los Angeles Municipal Code Section 45.19.6.3(L) and (O)) of Proposition D notwithstanding those restrictions are or would have been repealed; and (2) limits on-site Cultivation at the Business Premises to not exceed the size of the EMMD's existing square footage of building space as of March 7, 2017, as documented by dated photographs, building lease entered into on or before March 7, 2017, or other comparable evidence. This limited grandfathering shall not create, confer, or convey any vested right or non-conforming right or benefit regarding any activity conducted by the EMMD beyond the term and activities provided by the City License. This limited grandfathering shall cease on December 31, 2022, after which all EMMDs shall be required to cease conducting any commercial cannabis activities on Business Premises that do not meet the zone requirements of Article 5 of Chapter X of this Code. If an EMMD issued a License fails to operate in compliance with the specified provisions of Proposition D, the EMMD's Temporary Approval or License shall be subject to revocation.

Sec. 26. Subsections (a), (b) and (c) of Section 104.08 of Article 4, Chapter X of the Los Angeles Municipal Code are amended to read as follows:

For purposes of this subsection only, an Applicant who has entered into a payment plan with the City's Office of Finance pursuant to LAMC Section 21.18 to pay all outstanding City-owned business taxes is deemed current on all City-owned business taxes and is deemed to have submitted

payment for all City-owned business taxes. Prior to determining that an Applicant is eligible for processing under this section, DCR, at its discretion, may provide an Applicant with local authorization to apply for a temporary license from the Bureau of Cannabis Control, the California Department of Food and Agriculture or the California Department of Public Health. This local authorization shall not permit an Applicant to engage in Commercial Cannabis Activities unless DCR grants the Applicant a Temporary Approval. This local authorization must be renewed pursuant to Section 104.12.

(b) A completed application accepted by DCR as eligible for processing under this section shall be processed and reviewed pursuant to Section 104.06. (c) An Applicant that submitted an application pursuant to this section by September 13, 2018, paid all fees required under Section 104.19, and received from DCR local authorization under this section shall not be subject to the remedies set forth in Los Angeles Municipal Code Sections 11.00 or 12.27.1 solely on the basis of Non-Retailer Commercial Cannabis Activity; provided, however, that, as authorized by California Health and Safety Code Section 11362.83, this limited immunity is available and may be asserted as an affirmative defense only so long as the requirements of this section are adhered to by the Applicant and only by an Applicant at the one Business Premises identified in its application. This limited immunity shall terminate upon the close of the 15-day appeal period if the Applicant does not timely request an administrative hearing, as provided in Section 104.10. This limited immunity shall not be available to and shall not be asserted as an affirmative defense to any violation of law except as expressly set forth in this section. Further, nothing contained in this limited immunity is intended to provide or shall be asserted as a defense to a claim for violation of law brought by any county, state or federal governmental authority.

Sec. 27. Subsection (e) of Section 104.08 of Article 4, Chapter X of the Los Angeles Municipal Code is deleted; Subsection (f) is renumbered as Subsection (e) and amended to read as follows:

An Applicant who reports substantial progress by July 1, 2019, shall be required to pass an Initial Inspection by December 31, 2019, or its application shall be deemed abandoned unless DCR grants the Applicant an

Failure to receive a notice for License renewal from DCR does not relieve a Licensee of the obligation to renew a License. In the event the License is not renewed prior to the expiration date, the Licensee shall cease all Commercial Cannabis Activity until such time that the Licensee is issued a new License from DCR and a license from the State of California.

(b) At the time a License renewal application is submitted to DCR, a Licensee must include updated annual licensing documents required by Rule and Regulation No. 3. (f) The Licensee may file an administrative appeal of the decision to deny License renewal pursuant to Section 104.14 within 15 days of the date of DCR mailing the denial letter. Failure to file an administrative appeal shall constitute a failure to exhaust administrative remedies.

Sec. 32. **URGENCY CLAUSE.** The City finds and declares that this ordinance is required for the immediate protection of the public peace, health and safety for the following reasons: As documented by, among other City departments, the City Attorney and the Los Angeles Police Department, unauthorized cannabis activity in the City continues to proliferate, with the attendant crime and negative secondary impacts that pose a current and immediate threat to the public welfare. In addition, most unauthorized cannabis businesses cultivate, manufacture, and sell cannabis that has not been tested in accordance with State standards, which also creates a current and immediate threat to the public welfare. The Department of Cannabis Regulation plays a key role in reducing the threats posed by unauthorized cannabis activity by, in part, issuing licenses to cannabis business that require those businesses to operate under strict regulations that are primarily intended to protect the public welfare. Although the Department of Cannabis Regulation continues its extensive efforts to license cannabis business activity, recent amendments to State cannabis regulations and frequent changes in practices in the cannabis industry require that the amendments to the

implementing Rules and Regulations for the Cannabis Procedures ordinance as reflected in this ordinance must become effective as soon as possible. In particular, the Department of Cannabis Regulation immediately requires greater authority to regulate cannabis businesses during the licensing process to protect the customers who patronize those businesses. These amendments clarify, reorganize and add necessary procedures to the licensing process that will facilitate the issuance of additional licenses, including the issuance of Temporary Approval after the satisfaction of certain requirements and an initial inspection. These amendments also provide for an immediate suspension of Temporary Approval in the event of an imminent threat to life or public safety at the business, and establish a detailed framework to consider the environmental impacts of the regulation of commercial cannabis activity under the California Environmental Quality Act. For all of these reasons, this ordinance shall become effective upon publication pursuant to Section 253 of the Los Angeles City Charter.

Sec. 33. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.
